Dear Grandma,

Well, I have ^{nearly} come to the end of the school term here and I am waiting to have fun after the end of the year.

I have just turned 14 yrs. of age and I can now get a few extra privileges, I am hoping to get a transistor radio from dad when he has the money for my birthday present.

We are just going to go out to have a little hike for our Family Home Evening so I am going to sign off, so bye and I'll be writing soon.

Love
Michael

Dear Grandma and Grandpa Robinson,

I thought this would be a very good time to write and tell how I am getting on at school and other things. In school I'm in the 8th grade and I'm doing fairly well.

I have many friends in Prince Rupert with whom I fool around. I've got very interested in a scout movement in town and getting a lot out of it.

We had a very good Christmas and we are feeling just fine. I'm wondering how your Christmas was and how your health is holding out.

I haven't been able to get started in music yet but always hoping to be able to start very soon, and, having a brand new piano starting will be much easier.

Our family during our Family home evening are taking 10-15 minutes to write a letter to all our relatives in England.

Well time to sign off and will write again soon. Hope you will write to me sometime.

Your loving Grandson
